

Prerequisites

0.1 Documentation

by **Andreas Hartmann**

The following list describes the setup that is tested and recommended. Several items, e.g. the servlet container, may be replaced by other products.

- **Java 2 Platform, Standard Edition** (recommended: J2SE 1.4.2 Beta)
<http://java.sun.com/j2se/1.4.2/download.html>
- **Apache Tomcat** for JDK 1.4 (recommended: 4.1.24)
[Tomcat release builds](#)
Pick one of the jakarta-tomcat-4.1.24-LE-jdk14 files!
- **Apache Ant** (recommended: 1.5.3)
[Ant main distribution directory](#)
- **Apache Cocoon** (recommended: Cocoon 2.1 or later)
[Cocoon download page](#)
