## 1. Updating the Lenya website

- Checkout `https://svn.apache.org/repos/asf/lenya/site/`
- [Build Forrest](http://forrest.apache.org/build.html) (`http://forrest.apache.org/build.html`)
- go to the root of `lenya/site`
- `forrest`
- Add, remove, commit to `lenya-site`

There is a cron job on minotaur which will do 'svn update' every 12 hours (see `~thorsten/bin/mycrontab`). If you want to do it manually then ...

- Login to `minotaur.apache.org`
- `minotaur@apache.org > ~thorsten/bin/lenya-update.sh`
