Downloading and Installing Apache Lenya 2.0

Table of contents

1. Download

- Lenya 2.0 Windows source code
  (http://www.apache.org/dyn/closer.cgi/lenya/SOURCES/apache-lenya-2.0-src.zip) (ZIP archive),
  ASC Signature
  (http://www.apache.org/dyn/closer.cgi/lenya/SOURCES/apache-lenya-2.0-src.zip.asc) , MD5
  Checksum (http://www.apache.org/dyn/closer.cgi/lenya/SOURCES/apache-lenya-2.0-src.zip.md5)

- Lenya 2.0 Unix source code
  (http://www.apache.org/dyn/closer.cgi/lenya/SOURCES/apache-lenya-2.0-src.tar.gz) (tar.gz
  archive), ASC Signature
  (http://www.apache.org/dyn/closer.cgi/lenya/SOURCES/apache-lenya-2.0-src.tar.gz.asc) , MD5
  Checksum
  (http://www.apache.org/dyn/closer.cgi/lenya/SOURCES/apache-lenya-2.0-src.tar.gz.md5)

At the moment we don't provide binary versions, since the deployment of publications and modules requires the source version. We are planning a redesign of the deployment process which will allow us to provide binary versions in a subsequent release.

2. Installation

After the download, proceed with the installation instructions (../../../docs/2_0_x/installation/source_version.html) .
